5. TRANSACTIONS COVERED BY THE NOTIFICATION REQUIREMENTS FOR RELEVANT PERSONS

5.1 Definition of Transactions by Relevant Persons

Relevant Persons and Persons Closely Associated with them are required to notify the CONSOB and the Company of **all transactions** carried out on their behalf concerning:

- 1) equity securities issued by the Company;
- 2) debt instruments issued by the Company;
- 3) derivative financial instruments or other instruments linked to them,

where the total value of such transactions reaches the threshold of €20,000 (or a different amount provided for in the legislation from time to time applicable) within a calendar year² ("**Transactions by Relevant Persons**").

Once the threshold has been reached within a calendar year, all subsequent Transactions by Relevant Persons must be notified to the Company.

In accordance with art. 19, paragraph 7 of the MAR, notifiable Transactions by Relevant Persons include:

- a) the pledge or loan of financial instruments by or on behalf of a Relevant Person or a Person Closely Associated with them³;

² The amount of €20,000 is calculated by adding, without any offset, the value of Transactions by Relevant Persons carried out on behalf of each Relevant Person or those carried out by each of the Persons Closely Associated with them. In assessing whether or not such threshold has been reached, ESMA has clarified that transactions carried out directly by (or on behalf of) Relevant Persons are not to be added to those carried out directly by (or on behalf of) Persons Closely Associated with them.

³ It is not necessary to notify a pledge, or a similar security interest, of financial instruments in connection with the depositing of the financial instruments in a custody account, unless and until such time that such pledge or other security interest is designated to secure a specific credit facility.

- b) transactions undertaken by persons professionally arranging or executing transactions or by another person on behalf of a Relevant Person or a Person closely associated with them, including where discretion is exercised⁴;
- c) transactions carried out under a life insurance policy, defined in accordance with Directive 2009/138/EC of the European Parliament and the Council, where: (i) the policyholder is a Relevant Person or a Person closely associated with them; (ii) the investment risk is borne by the policyholder; and (iii) the policyholder has the power or discretion to make investment decisions regarding specific instruments in that life insurance policy or to execute transactions regarding specific instruments for that life insurance policy.

Art. 10, paragraph 2 of the Delegated Regulation also provide that the following Transactions by Relevant Persons must be notified:

- (a) the acquisition, disposal, short sale, subscription or exchange;
- (b) the acceptance or exercise of a share option, including of a share option granted to Relevant Persons or employees as part of their remuneration package, and the disposal of equity securities stemming from the exercise of a share option⁵;

- (d) transactions in or related to derivatives, including cash-settled transactions;

- (k) gifts and donations made or received, and inheritances received;
- (l) transactions executed in index-linked products, baskets and derivatives if provided for by art. 19 of the MAR⁶;

⁴ Transactions by Relevant Persons executed by managers of a collective investment undertaking in which the Relevant Person or Person Closely Associated with them has invested, are not subject to disclosure requirements if the manager of the collective investment undertaking acts with full discretion, thereby excluding the possibility that the manager may receive any instructions or suggestions on portfolio composition directly or indirectly from investors in that collective investment undertaking.

⁵ The Chief Financial Officer, acting through the Finance department, must promptly notify the Office of the General Counsel of any changes in the number – and the related percentages of the issued capital – of the Company’s treasury shares, resulting from the grant of such shares to the beneficiaries of the Company’s share option, share grant or similar plans. In this way, the Office of the General Counsel is able to report to the CONSOB, within the legally required deadline, any breach of or reduction in the thresholds provided for by articles 117 and 117-*bis* of the Regulations for Issuers.

⁶ In accordance with art. 19, para. 1-*bis* of the MAR, Transactions by Relevant Persons are not subject to disclosure requirements if, on the date of the transaction, one of the following conditions has been met: (i) the financial instrument is represented by a unit or a share in a collective investment undertaking where the undertaking’s holdings of such equity securities or debt instruments issued by the Company do not exceed 20% of the assets held by the collective investment undertaking; (ii) the financial instrument provides exposure to a portfolio of assets in which the exposure to equity securities and debt instruments issued by the Company does not exceed 20% of the portfolio’s assets; or (iii) the financial instrument is represented by a unit or a share in a collective investment undertaking or provides exposure to a portfolio of assets and the Relevant Person or the Person Closely Associated with them is not aware of, nor could they have been aware of, the composition of the investments or of the exposure of the collective investment undertaking or the portfolio of assets to equity securities or debt instruments issued by the Company, and where moreover there is no reason to lead them to believe that the equity securities or debt instruments issued by the Company exceed the thresholds in points (i) and (ii). If information is available on the composition of the investments of the collective investment undertaking or of the

- (m) transactions executed in equity securities or units of investment funds, including alternative investment funds (“AIFs”), pursuant to art. 1 of Directive 2011/61/EU of the European Parliament and the Council, if provided for by art. 19 of the MAR⁷;
- (n) transactions executed by the manager of an AIF in which the Relevant Person or a Person Closely Associated with them has invested, if provided for by art. 19 of the MAR⁸;
- (o) transactions executed by a third party under an asset management or individual portfolio mandate on behalf or for the benefit of a Relevant Person and/or a Person Closely Associated with them;
- (p) the borrowing or lending of equity securities or debt instruments issued by the Company or derivatives or other financial instruments linked thereto.

5.2 Procedure for notifying the CONSOB, the Company and the market

Relevant Persons shall notify the CONSOB and the Office of the General Counsel of any Transactions by Relevant Persons carried out by themselves or by Persons Closely Associated with them, using the template in Annex 2 (or the one provided for the legislation from time to time applicable), promptly and, in any event, within 3 Working Days of the date on which the transactions were carried out.

In compliance with the applicable legislation, within 2 Working Days from the receipt of the notification from the Relevant Persons according to the paragraph above, the Office of the General Counsel shall report to the market on the same notifications, using the same disclosure system as for regulated information, and coordinating with Investor Relations in order to make the notifications available on the Company’s website within the legally required deadline. If a Relevant Person delays or fails to make, even only partially, the notification to the Office of the General Counsel, the Company may in no way be held responsible for the resulting delay in informing, or failure to inform, the market.

Relevant Persons may use the Company to notify Transactions by Relevant Persons to the CONSOB according to the first paragraph of this Article. In this case, they must (i) complete the template in Annex 2 (or the one provided for by the legislation from time to time applicable) and (ii) send it to the Office of the General Counsel **no later than 1 Working Day from the date of the Transaction by the Relevant Person** so that to allow the Company to notify CONSOB and report to the market by the deadline under paragraph 1 of this article (3 Working Days from the date on which the transactions were carried out). If a Relevant Person delays or fails to comply, even only partially, with the requirements in points (i) and (ii) above, notification to the CONSOB of Transactions by Relevant Persons will be the sole responsibility of the Relevant Persons themselves, and the Company may in no way be held responsible for the resulting delay in informing, or failure to inform, the market.

6. TRANSACTIONS COVERED BY THE NOTIFICATION REQUIREMENTS FOR RELEVANT SHAREHOLDERS

6.1 Definition of Transactions by Relevant Shareholders

Relevant Shareholders and Persons Closely Associated with them are required to notify the Company of all transactions in the Company’s equity securities, or in financial instruments linked to the securities, carried out by them, even if through a proxy (“**Transactions by Relevant Shareholders**”).

The following need not be notified:

⁷ See note 6.

 - transactions between the Relevant Shareholder and Persons Closely Associated with them;
 - transactions carried out by the Company and its subsidiaries;
 - transactions carried out by a credit institution or an investment undertaking contributing to the creation of the undertaking's trading book, as defined by art. 4, para. 1.86 of EU Regulation 575/2013, provided that the undertaking: (i) keeps the Treasury department and the units responsible for managing strategic investments organizationally separate from trading and market making activities; (ii) is able to identify the equity securities held for trading and/or market making purposes, in a manner that can be subject to control by Consob, thus by holding them in a dedicated separate account;
- and, should the undertaking act as a market maker: (a) it must be authorised under Directive 2004/39/EC by its member state of origin to conduct market making; (b) it must provide the CONSOB with the market making agreement with the company operating the trading venue and/or the issuer that may be required by current legislation in the EU member state where the market maker carries out its activities; (c) it shall disclose to the CONSOB that it intends to perform market making activity on the shares of a listed issuer; the market maker also has to disclose to the CONSOB without delay when it ceases market making activities on those shares.

The disclosure requirements for Relevant Shareholders do not apply if they, or Persons Closely Associated with them, are required to notify Transactions by Relevant Shareholders as Transactions by Relevant Persons, in accordance with art. 19 of the MAR¹⁰.

6.2 Procedure for notifying the CONSOB, the Company and the market

Relevant Shareholders shall notify the CONSOB and announce any Transactions by Relevant Shareholders, whether carried out by themselves or by Persons Closely Associated with them, within the end of the fifteenth day of the month following the one in which the transactions were completed.

Relevant Shareholders may use the Company to notify Transactions by Relevant Shareholders to the CONSOB. In this case, they must (i) complete the template in Annex 3 and (ii) send it to the Office of the General Counsel within the end of the fifteenth day of the month following the one in which the Transaction by the Relevant Shareholder was completed. The Office of the General Counsel shall disclose the relevant information by the end of the stock market trading day after the one in which it received the information. If a Relevant Shareholder delays or fails to comply, even only partially, with the requirements in points (i) and (ii) above, notification to the CONSOB of Transactions by Relevant Shareholders will be the sole responsibility of the Relevant Shareholders themselves, and the Company may in no way be held responsible for the resulting delay in informing, or failure to inform, the market.

7. ENTITY DESIGNATED TO IMPLEMENT THE CODE OF CONDUCT

The Office of the General Counsel, with the support of the Finance and Investor Relations departments where appropriate, is the entity designated to implement the Code and, in this regard, reports directly to

⁹ In the case of equity-linked financial instruments, the amount is calculated with reference to the underlying shares in the Company.

¹⁰ Art. 152-septies, paragraph 4 of the Regulations for Issuers.

the Chief Executive Officer and the Board of Directors.

The Office of the General Counsel shall notify the Code to the persons to which the obligations provided for in the Code apply, and shall draw up, and regularly update, the List of Relevant Persons.

The Office of the General Counsel is also responsible for receiving, handling and disclosing information regarding Transactions carried out by Relevant Persons and Relevant Shareholders to the market and, when requested to do so thereby, to the CONSOB.

Relevant Persons and Shareholders are required to report information on the Transactions carried out by Relevant Persons and Shareholders, completing the template in Annex 2 or Annex 3 and sending it to the Office of the General Counsel, in accordance with one of the following procedures:

- by e-mail to: corporategovernanceaffairs@atlantia.com;
- by Certified E-mail to: atlantia@pec.atlantia.it;
- delivery by hand directly to the Office of the General Counsel at the Company's offices at Piazza di San Silvestro n. 8 - 00187 Rome.

The Office of the General Counsel will promptly acknowledge receipt of the notification via fax or e-mail to the Relevant Person or Shareholder.

8. BLACKOUT PERIODS

Relevant Persons are **prohibited from directly or indirectly carrying out Transactions by Relevant Persons, on their own or another person's account, in the 30 calendar days prior to market announcements of the Board of Directors' approval of the Company's annual and half-year financial statements**, and prior to the publication of any further periodic financial reports whose publication is obligatory under the legislation from time to time applicable or in accordance with the rules set by Borsa Italiana¹¹.

This term is reduced to 10 calendar days prior to market announcements of the Board of Directors' approval - on a voluntary basis - of selected pre-final results related to the previous financial year and additional periodic disclosures and of results announcements for the first quarter and first nine months of the financial year, if any.

However, it should be noted that where the Company publicly disclose the preliminary results related to the previous financial year approved by the Board of Directors - containing not only selected pre-final results but the key financial information, which will then be included in the draft financial statements - separately from and before the approval of the draft financial statements, the aforesaid ordinary 30 calendar days period shall apply. Such term should be calculated retroactively from the date on which the Board of Directors Meeting is called in order to approve such preliminary results¹².

Without prejudice to the provisions of paragraph 5 above, in respect of the Transaction notification requirements for Relevant Persons, including the acceptance or exercise of a share option (5.1, letter b) and automatic or non-automatic conversion of a financial instrument into another financial instrument (5.1, letter j)), with regard to the Company's share option, share grant or similar plans, the prohibition during blackout periods applies in accordance with the terms and conditions provided for in the Delegated Regulation.

¹¹ Art. 19, paragraph 11 of the MAR.

¹² Q&E ESMA 13 July 2016

In addition, with particular reference to art. 7 of the Delegated Regulation, Relevant Persons have the right to trade during a blackout period, provided that the following conditions are met, in accordance with art. 19, paragraph 12 of the MAR and articles 7, 8 and 9 of the Delegated Regulation:

- a) the existence of exceptional circumstances¹³, such as severe financial difficulties, requiring the immediate sale of equity securities; or
- b) due to the characteristics of the trading involved for transactions made under, or related to, an employee share or saving scheme, qualification or entitlement of shares, or transactions where the beneficial interest in the relevant security does not change.

To this end, the Relevant Person must demonstrate that the particular transaction cannot be carried out at any time other than during the blackout period and, with specific reference to the situation in a), prior to any trading during the blackout period, must provide a reasoned written request to the Company in order to obtain permission to proceed with the immediate sale of the equity securities during the blackout period.

The written request, to be submitted as soon as possible to the Chief Executive Officer and the Chairman, shall describe the envisaged transaction and provide an explanation of why the sale of the equity securities is the only reasonable way to raise the necessary funds.

9. ABUSE OF INSIDE INFORMATION AND NON-COMPLIANCE WITH THE CODE OF CONDUCT

For an indication of the criminal penalties applicable in the event of conduct classified as “market abuse”, reference should be made to articles 184 and 187 of the CFA.

For an indication of the civil penalties applicable in the event of conduct classified as “market abuse”, including violation of art. 19 of the MAR by natural or legal persons, reference should be made to articles 187-*bis* and 187-*septies* of the CFA.

It should also be noted that, in accordance with art. 193 of the CFA, unless the conduct constitutes a criminal offence, failure to comply with the requirements and prohibitions provided for in this Code may result in:

- application of a civil fine of between €5 thousand and €10 million or, if higher, of up to five per cent of turnover, if reporting is the Company’s responsibility; and
- application of a civil fine of between €5 thousand and €2 million if reporting is the responsibility of a natural person.

In addition, where the conduct of persons discharging managerial responsibilities or of employees has played a role in a violation by the Company, with a significant impact on the overall organisation or on the Company’s risk profile, or has seriously undermined protections for investors or the transparency, integrity and proper functioning of the market, an administrative fine of between €5 thousand and €2 million shall be imposed.

Employees of the Company, or of its subsidiaries who fail to comply with the requirements of the Code may also be subject to disciplinary measures, without prejudice to other forms of responsibility.

For a definition of inside information, and details of how such information should be handled internally and disclosed to the market, is provided in art. 7 of the MAR and in the “Procedure for Market Announcements” adopted by the Company and available on its website at <https://www.atlantia.com/en/governance/documents-and-procedures>.

¹³ Circumstances are considered exceptional in unforeseen and pressing situations of extreme urgency that are not due to the conduct of the Relevant Person and that are beyond their control, such as, for example, the need to comply with a legally enforceable demand, including a court order, or an obligation to make a payment to a third party, including tax liabilities.

10. THE COMPANY'S RESPONSIBILITIES

In accordance with art. 187-*quinquies*, paragraph 1 of the CFA, the entity shall be required to pay a civil fine of between €20 thousand and €15 million, or of up to fifteen per cent of turnover when this sum is higher than €15 million and turnover can be determined in accordance with art. 195, paragraph 1-*bis* of the CFA, where a breach of the prohibitions pursuant to article 14 or article 15 of the MAR has been committed for its benefit or to its advantage:

- a) by persons who hold representative, management or executive roles within the entity or one of its financially or functionally independent organisational units or by persons who exercise, in effect, management or control thereof;
- b) by persons subject to the direction and supervision of one of the entities referred to in a) above.

With regard to the offences in question, where compatible, articles 6, 7, 8 and 12 of Legislative Decree 231 of 8 June 2001 are applicable.

11. REPORTING

The Office of the General Counsel shall, at the request of the Chairman, the Chief Executive Officer and/or internal audit bodies, prepare and send summary reports of Transactions by Relevant Persons and Relevant Shareholders.

12. PRIVACY

In accordance with the provisions of EU Regulation 2016/679, Legislative Decree 196/2003 and Legislative Decree 101/2018 (the "**Applicable Data Protection Legislation**"), the personal data relating to the List of Relevant Persons and the conduct of transactions relevant for the purposes of EU and/or Italian legislation will be processed by the Company in both paper and electronic form, in compliance with the Applicable Data Protection Legislation and the Company's privacy policies and in accordance with the related security measures adopted by the Company. The above data shall be processed for the purpose of compliance with the related statutory requirements.

Where required by the laws from time to time in force, the data may be communicated to public authorities and, in particular, to the CONSOB and the market.

Further information on the manner in which data is processed, the persons to which the data may be communicated and on exercising the rights granted by the Applicable Data Protection Legislation can be found in the data protection notice attached to [Annex 1](#) to the Code. related legislation and/or internal regulations, or in the organisational structures of Atlantia or the Group.
